Bespoke High Security PVC-u Entrance Doors

Introduction

Ultimate Bespoke PVC-u Doors are a range of 25 versatile PVC-u door styles, thoughtfully designed to emulate the aesthetic character of timber doors but with the added security benefits and low maintenance qualities that modern day living demands.

In addition to smooth white finish, you can choose from a range of natural look woodgrain and coloured foil exterior finishes or alternatively Ultimate Bespoke Doors can be spray painted to any RAL colour of your choice.

4 simple steps to create your very own entrance...

1

Choose a style from the 25 versatile designs

2

Choose a door colour from our range of standard finish options or select the RAL colour of your choice for spray painting

3

Choose your combination of glass/panel designs

4

Choose from our range of fully suited door furniture to complete your individual door design

The Ixworth - see page 5

The Lavenham

Often, it's important to maintain a particular style when replacing an entrance door, something that will blend sympathetically but also enhance your property.

Many of the door styles that we have traditionally seen in timber can now be replicated in woodgrain effect PVC-u.

The Lavenham style, like many others across the range is a great example of how using different combinations of glass and panelling will result in a completely different look each time, whilst keeping to the base Lavenham layout.

Rich, elegant period door colours give a traditional design yet more authenticity and to complete the grand finish choose from a range of exquisite door furniture.

The Ixworth door style follows a design that is reminiscent of many timber doors seen on 1930's properties throughout the UK.

Ultimate Bespoke PVC-u Doors can offer an exterior woodgrain or coloured foil finish so they look and feel like wood but without the same level of maintenance required.

Choosing a fresh white internal finish provides a neutral backdrop to your interior decor.

Antique Black ironmongery completes the timber look, perfect for period style properties.

The Ixworth

The Ixworth 2

Beauty is in the detail and with that in mind the Ixworth 2 was created as a natural progression from The Ixworth. Here 2 vertical mullions are featured instead of the one central mullion on the Ixworth.

The Sudbury door follows a more classic layout and as such is one of the more versatile options in terms of its suitability for a wide spectrum of property styles.

Stick to a simple look using clear glass or add a splash of colour and creativity choosing from a vast range of available decorative glass options.

The Sudbury

The Assington

Make a bold statement with the Assington style door, the striking panel layout with central glass results in a strong and balanced design.

Choose from natural woodgrain options or add a bold colour to really make a statement.

The detailing around the frame combined with a realistic woodgrain texture provides a finish that looks and feels just like timber.

The Newton

Another popular choice from the complete range of 25 styles is The Newton.

Retaining classic features on your property may be important. This elegant style, with its exaggerated proportions is often used in conjunction with a vertical glass design to create a really strong identity.

Customer supplied own bespoke glass units (similar designs available).

The large glass surface area on The Newton door enables light to flood in, the perfect solution to an otherwise dark hall way.

Customer supplied own bespoke glass units (similar designs available).

The Brett

Although many designs in the range are suited to period properties, The Ultimate Bespoke PVC-u Door Collection also includes a series of contemporary styles, none more contemporary than the Brett.

With either clear or etched glass the Brett style immediately offers a clean, modern look, particularly when used with one of the more contemporary frame colours such as Grey or Black.

Partnership secured with 

Townhouse Lock Option

As an alternative to the standard locking system, you may wish to consider our townhouse lock option.

The townhouse lock is completed with a traditional escutcheon finger pull.

This option also includes the high security cylinder as detailed above.

Escutcheon Finger Pull
(finishes to match standard handles
except Satin and Pewter)

Optional Deep Timber Look Midrail

Ultimate Bespoke Doors are engineered with a slimline midrail as standard in order to achieve equal sight lines and proportions across the range of styles.

However, a number of styles in the collection have been designed to closely emulate traditional timber doors and are therefore best suited to include a deeper Midrail option.

Ultimate Bespoke doors give you the additional options of the 2 section 168mm Midrail or 1 section Deep Timber Look 195mm Midrail*.

Standard
Midrail Depth

168mm
Midrail

195mm
Midrail

Optional Deep Timber Look Cill

The timber style features can be carried right through to the cill.

Ultimate Bespoke Doors offer you the option of a timber look PVC-u cill, deeper in proportions to standard PVC-u cills in order to complete the timber look.

Genus Timber-look Joints

For the authentic timber look, Ultimate bespoke doors offer you the option of Genus timber-look joints inside and out.

An alternative to 45° welded joints, these are designed to emulate the traditional butt joints seen on timber doors.

*Midrail options may be determined by frame and colour choice.

Choose a profile type and finish from our extensive range...

You can choose from fully bevelled or fully ovolo shaped profile, or if you prefer you can choose our Heritage option that combines an ovolo frame with a bevelled door.

Your choice will influence the finishes available within each option.

Due to possible variations in the printing process, please refer to physical colour swatches for an accurate representation of these finish options. Rosewood, Cherrywood, Irish Oak and Black W/Grain both sides are on a Dark Brown Base. Dark Grey 7016 W/Grain both sides and Smooth Dark Grey 7016 both sides are on a Grey Base. All other finishes are on a White Base.

...or select any colour of your choice

If you would like a colour that is not within our range of woodgrain foils, we can arrange to have your door spray painted in the colour of your choice. Once you have selected your desired colour from the vast palette available, the specialist coating will be applied to the woodgrain foil.

You can choose to have the colour applied to both the inside and outside faces of the door or outside only leaving a fresh white internal finish.

Specialist coatings combined with proven application methods, provide a finish that is tough, durable and protected against all weather conditions.

Glazing

Often entrance door design is dictated by the need for extra light, or the desire to retain the original period design.

Our door range not only gives you a terrific choice of colours and designs but the flexibility of our glazing options allow you to either 'go create' a new look or stay classic and authentic.

The options are simply vast and include plain glass, obscured, coloured, etched glass, leaded and bevelled designs. All of these include a multitude of variations so you are sure to find something to suit the style of your door and property.

SD3G bevelled glass and lead combination

SD14G elegant clean lines achieved with an etched glass design

Lead patterns can really help to accentuate period features.

Ali-lock Authentic External Georgian Bar

Our authentic Ali-lock Georgian Bar design will instantly create the period look. Because the bars are fixed to full length aluminium backing strips, there is no risk of the bars warping or bending.

Decorative Glazing

Coloured and bevelled glass designs can offer a traditional appearance, whilst more simplistic etched glass designs give a contemporary look.

The dimensions of these glass patterns can be adapted to suit the style of your chosen door with half, dual, and full height glazed panels.

You may wish to personalise your home further by having your house number etched or bevelled within the design.
